

REPOSA®

Professional Clogs Made in Italy

REPOSA Group is delighted to present 2007 Reposa Line, a Made in Italy product designed to solve the problems for those who spend most of working time on feet. A cool and winning look joined with 7 En European Certifications giving to REPOSA Line excellent characteristics of comfort and safety not only for professional use. Different to common and low quality clogs, REPOSA is made in Italy directly and completely by our factory (Martiplast) using a professional Italian hi-tech rubber with wonderful comfort. REPOSA is certified anti-slip, antistatic and it is provided (Complete Model) by quick-release (in case of accidental risks), external back-strap safety system™ very resistant. REPOSA has improved comfort concept thanks to its inner anti-vibration insole; we obtain a sensible reduction of lactic acid on the legs, with consequent reduction of tiredness. Particular anti-sweat powder sprayed during the printing process allows REPOSA clogs to reach a good sense of freshness. REPOSA is certified for washing and sterilizing into the wash machine up to 134°. REPOSA is provided also by an effective tread that increases stability and safety. Different and shining colours (11) for BASIC and COMPLETE lines.
